

WASPS

Adverse Weather – latest Advice

Please keep a regular check on this website for school closure information

ALSO, keep a look out for Parentpay messages from us, that will contain regular closure information

Since B&NES will no longer be publishing information about adverse weather school closures on their website, we encourage you to follow us on Twitter as this will now be one of the methods we will use to communicate any closures at WASPS.

Our Twitter handle is **@waspschool**

As well as using our Twitter feed to provide important information, we intend to regularly use it to celebrate all the exciting learning and events that are happening in and around school.
