

Message from The Bath and Mendip Partnership Trust:

Over the course of the summer break, schools across the Trust have been preparing to reopen to all pupils at the start of the new academic year.

As part of the in-depth planning process, all schools have carried out a comprehensive risk assessment in line with Government Guidance. Those risk assessments and the procedures related to them will be reviewed regularly and in line with guidance. You can find out more about Government Guidance on the reopening of schools [here](#). Should you wish to see the risk assessment for your child's school, please contact the school or Trust office who will be able to provide you with a copy.

We are very much looking forward to welcoming back all pupils and all schools will endeavour to make the environment as familiar as possible whilst adhering to Government Guidance.

Parents may wish to access the parent leaflet from the Public Health website which can be accessed [here](#)
