

Home Learning – Friday 27th November

Phonics/literacy

Listen to the [dinosaur story](#) and watch the [video](#) explaining today's task on sentence writing. Complete [star challenge sheet 1](#) or if you are feeling more confident with your writing try [star challenge sheet 2](#).

Here is the [dinosaur story](#) if you would like to try and read it yourself.

Maths

Watch this [clip](#) to recap the different coins we use, then watch this [video](#) explaining today's maths activity.

Here's a [shopping list](#) template if you would like to use it during your role-play. Try using your sounds to write down what you would like to buy.

If you would like an extra maths challenge, try one of these [activity sheets](#).

Outdoor Learning

Unfortunately, due to isolation, it is hard for us to enjoy much outdoor learning. Take a look at these [amazing pictures](#) by artist Andy Goldsworthy and watch this [video](#) to find out a little more about him. He creates beautiful art using natural materials like stone, leaves and sticks. How does the art make you feel? Do you like it? Which was your favourite?

Task: If you have access to a garden, can you try to create your own piece of art using natural objects? If you are working inside, try making a sculpture or some art on the floor using materials you have at home (such as pasta, building blocks, crayons, beads).

Story

Enjoy today's story '[Duck Says Don't](#)' by Alison Ritchie and Hannah George.

Remember to keep practising '[Away in a Manger](#)' for our Christmas show.

Well done on all your super home learning. It's wonderful to see your photos and videos.
