

Home Learning w/c 4th January 2020

Tuesday 5th January

Grammar - Today you are looking at parts of sentence. Have a look at the powerpoint below and answer the questions.

[grammar powerpoint](#)

Maths - This week we are looking at estimating length. Watch the measurement video below and have a go at one of the challenges. There is a 1 star challenge and a slightly trickier 2 star challenge. You can complete the measurement sheet using either cm or cm and mm.

[measuring in cm](#) 1 star, [measuring in cm and mm](#) 2 star [measurement sheet](#)

If you would like to have a go at a further challenge, choose from one of the investigations below.

[tree investigation](#), [jumbled measurements](#), [mugs investigation](#)

Art - Our topic this term is the Celts. Have a look at this video below which shows you how to draw a Celtic knot.

[Celtic knot video](#)

PE - Have a go at this circuit style workout. How many of each move can you complete?

[circuit workout](#)

Wednesday 6th January

Literacy/RE - Watch the video introduction below from Miss Ward

[Literacy/RE introduction](#), [Jesus's life](#), [syllables video](#)

Maths - Watch the video introduction below from Mr Randall. You are going to learn about measuring and estimation.

[Maths introduction video](#)

Music and French video introduction from Miss Ward

French - Watch the video introduction from Miss Ward then use the video and worksheet below to complete the task.

[Alexa french video](#), [body parts worksheet](#)

Music - Watch the video introduction from Miss Ward. You should listen to the full performance of 'Hungarian Dance no.5' on BBC Ten Pieces and read the information.

[Johannes Brahms - Hungarian Dance no. 5](#)

Thursday 6th January

Click your teacher's name below to hear them reading the story of 'This Moose Belongs to Me'. You should listen to this story as it will help you with some writing you are going to do soon.

[Mrs Snook](#), [Mr Randall](#), [Miss Ward](#)

Grammar - You are going to have a further look at parts of a sentence and create some of your own sentences. Watch the video below by Mrs Snook, who will explain your task. You will need to write a sentence for each number.

[Mrs Snook grammar video](#)

Maths - Today you will learn all about capacity. Watch the video lesson below from Mr Szuplewski who will explain all about different capacities. Then choose one of the star challenges below. 1 star is a little easier, with 3 star being a bit more difficult.

[Mr Szuplewski maths video](#), [1 star task](#), [2 task](#), [3 star task](#)

Topic - We move to our new topic about the Celts. Watch the introductory video from Miss Ward and then use the documents to create your timeline.

[Celts video](#), [timeline 1](#), [timeline 2](#), [card sort sheets](#)

After you have finished this task, for a further challenge, see if you can research Celtic warriors in Egypt. Why were Celtic warriors there? What did they do? How did they get there? You might like to do some more general research in Celts. You could make a fact file all about how the Celts live.

PSHE - Watch the introductory video above from Miss Ward. This term in PSHE, we are going to be looking into what it means to belong to a community. What is a community? What communities do you belong to? Have a look at this BBC Bitesize page and do some of your own research to make a mind map with the word 'Community' in the middle. Remember to include which communities you and people at home belong to.

[BBC Bitesize communities video](#)

Friday 8th January

Literacy – Watch Mrs Snook's writing video below to find out all about your persuasive writing task for today.

[Mrs Snook's persuasive writing video](#)

Maths – Today you will take your times tables challenge. You can find copies of the times tables at the top of this page. Choose the level you are currently working on and time yourself, giving yourself a 5 minute limit. Then, watch Miss Smith's video below to take

your driving test. The answers are at the end. Finally, there are a selection of investigations to do below based on this week's work. You could have a go at all of them, or have a go at just one that you feel confident with.

[Miss Smith's driving test video](#), [handspan investigation](#), [pouring problem](#), [capacity 1](#), [capacity 2](#), [compare the cups](#)

Outdoor Learning – Can you go on a frosty treasure hunt!? Perhaps you can go out for a walk or look in your garden if you have one. How many different frost covered things can you find? Perhaps you can take photos of them or make some sketches. Have a look for frosty cobwebs, frosty leaves, or frosty grass. What is frost? How and why does it form? We will look forward to seeing or hearing all about the things you find.

Meditation – After your first week of home learning, listen to this guided meditation to help you relax and clear your mind. Meditation is really good for your brain and can help you to feel calmer.
